

Local Government Pension Scheme

What is a pension?

00:00

Pensions Made Simple: What is a pension?

00:05

Thinking about how much money you'll need when you stop working in later life may be daunting.

00:11

It can seem such a long way off

00:13

that it's a pointless exercise.

00:16

But it's important to start planning as early as you can

00:19

as the sooner you start saving, the more your pension will grow!

00:24

Here in Local Government, we have a great way for you to build something that suits your lifestyle.

00:31

It's a Defined Benefit pension which is based on your salary and how long you've paid in.

00:38

It's called the Local Government Pension Scheme, or LGPS for short.

00:44

Both you and your employer pay towards the cost of your pension.

00:49

And as your pension contributions are taken from your salary before tax is worked out,

00:54

you will pay less tax on your earnings.

00:57

It's easy to join the scheme.

01:00

If your contract is for 3 months or more, you will automatically join the scheme on your first day.

01:07

If your contract is for less than three months,

01:10

or you have opted out you can choose to join the scheme at any time.

01:15

Visit the LGPS website for further information about the Scheme
