Pensions Made Simple: Protection for you and your family

00:07

It's good to know that your LGPS pension

00:10

will look after both you and your loved ones.

00:13

It provides a regular and secure income giving you peace of mind

00:17

and helping you enjoy your life the way you want.

00:23

Your pension also gives you protection if you become ill.

00:27

As long as you have been a member for at least two years,

00:30

you'll be able to take your pension early if you have to retire due to your health.

00:35

Don't worry –

00:36

your pension won't be reduced because you are receiving it early.

00:40

In fact, your pension could be increased

00:43

if you are unable to work for the next three years because of your ill health.

00:49

When you die, a pension will be paid to your eligible partner

00:53

and any dependent children.

00:57

A lump sum death grant may also be paid.

01:00

If you die when you are an active member, this will be 3 times your yearly pay.

01:06

Make sure you have completed an Expression of Wish form

01:10

so that your pension fund knows who you want this money to go to.

01:14

Visit the LGPS website for further information about the Scheme

On screen: lgpsmember.org

01:18

and how to contact your pension fund.

01:21
